

Severe weather can strike at any time.

Are you ready?

Have Insurance

Make sure you have insurance to cover BOTH windstorm AND flood. TWIA policies cover wind and hail. Flood insurance can only be provided by the National Flood Insurance Program.

Understand Your Policy

Know what your TWIA policy covers and what it does not. Meet with your agent annually to update your policy and ensure you have the coverages that are right for you.

Make a Plan

Ensure your family is ready for the next storm by writing down your emergency plan today. Have photo documentation of your home and personal property and keep your important documents together for quick access.

*Report a claim 24-hours a day at **800-788-8247**.*

*You may also file a claim online at www.twia.org/claimscenter
or contact your agent.*
