

Update of the current nomenclature, taxonomy, and classification of clinically significant bacteria:

Current/ New Name	Old/ Synonym Name
<i>Pseudoflavonifractor capillosus</i>	<i>Bacteroides capillosus</i>
<i>Parabacteroides distasonis</i>	<i>Bacteroides distasonis</i>
<i>Campylobacter gracilis</i>	<i>Bacteroides gracilis</i>
<i>Parabacteroides merdae</i>	<i>Bacteroides merdae</i>
<i>Campylobacter ureolyticus</i>	<i>Bacteroides ureolyticus</i>
<i>Paraclostridium bifermentans</i>	<i>Clostridium bifermentans</i>
<i>Clostridioides difficile</i>	<i>Clostridium difficile</i>
<i>Tissierella praeacuta</i>	<i>Clostridium hastiforme</i>
<i>Collinsella aerofaciens</i>	<i>Eubacterium aerofaciens</i>
<i>Eggerthella lenta</i>	<i>Eubacterium lentum</i>
<i>Eggerthia cateniformis</i>	<i>Lactobacillus cateniforme</i>
<i>Peptoniphilus asaccharolyticus</i>	<i>Peptostreptococcus asaccharolyticus</i>
<i>Peptoniphilus indolicus</i>	<i>Peptostreptococcus indolicus</i>
<i>Finegoldia magna</i>	<i>Peptostreptococcus magnus</i>
<i>Parvimonas micra</i>	<i>Peptostreptococcus micros</i>
<i>Anaerococcus prevotii</i>	<i>Peptostreptococcus prevotii</i>
<i>Blautia producta</i>	<i>Peptostreptococcus productus</i>
<i>Anaerococcus tetradius</i>	<i>Peptostreptococcus tetradius</i>
<i>Cutibacterium acnes</i>	<i>Propionibacterium acnes</i>
<i>Cutibacterium granulosum</i>	<i>Propionibacterium granulosum</i>
<i>Klebsiella aerogenes</i>	<i>Enterobacter aerogenes</i>
<i>Lelliottia amnigena</i>	<i>Enterobacter amnigenus I</i>
<i>Pluralibacter gergoviae</i>	<i>Enterobacter gergoviae</i>
<i>Kluyvera intermedia</i>	<i>Enterobacter intermedius</i>
<i>Cronobacter sakazakii</i>	<i>Enterobacter sakazakii</i>
<i>Enterobacter cancerogenus</i>	<i>Enterobacter taylorae</i>
<i>Chryseobacterium indologenes</i>	<i>Flavobacterium indologenes</i>
<i>Neisseria weaveri</i>	<i>Neisseria parelongata</i>
<i>Gemella morbillorum</i>	<i>Streptococcus viridans group (Streptococcus morbillorum)</i>
<i>Streptococcus sanguinis</i>	<i>Streptococcus viridans group (Streptococcus sanguis I)</i>
<i>Streptococcus sanguinis</i>	<i>Streptococcus viridans group (Streptococcus sanguis II)</i>
<i>Rothia mucilaginosa</i>	<i>Stomatococcus mucilaginosus</i>
<i>Trueperella pyogenes</i>	<i>Actinomyces pyogenes</i>
<i>Brevibacillus brevis</i>	<i>Bacillus brevis</i>
<i>Paenibacillus macerans</i>	<i>Bacillus macerans</i>
<i>Aggregatibacter aphrophilus</i>	<i>Haemophilus aphrophilus</i>
<i>Aggregatibacter actinomycetemcomitans</i>	<i>Actinobacillus actinomycetemcomitans</i>
<i>Achromobacter denitrificans</i>	<i>Alcaligenes denitrificans</i>
<i>Achromobacter piechaudii</i>	<i>Alcaligenes piechaudii</i>
<i>Achromobacter xylosoxidans</i>	<i>Alcaligenes xylosoxidans</i>
<i>Ralstonia pickettii</i>	<i>Burkholderia pickettii</i>
<i>Delftia acidovorans</i>	<i>Comamonas acidovorans</i>
<i>Pseudomonas luteola</i>	<i>Chryseomonas luteola</i>
<i>Elizabethkingia meningoseptica</i>	<i>Flavobacterium meningosepticum</i>
<i>Myroides odoratus</i>	<i>Flavobacterium odoratum</i>
<i>Pseudomonas oryzae</i>	<i>Flavimonas oryzae</i>
<i>Psychrobacter phenylpyruvicus</i>	<i>Moraxella phenylpyruvica</i>
<i>Mannheimia haemolytica</i>	<i>Pasteurella haemolytica</i>
<i>Comamonas testosteroni</i>	<i>Pseudomonas testosteroni</i>
<i>Actinobacillus ureae</i>	<i>Pasteurella ureae</i>
<i>Brevundimonas vesicularis</i>	<i>Pseudomonas vesicularis</i>
