**Date:** March 7, 2022

**To:** All Clinical Associates, Clinical Informaticists, Information Technology and Centura Service Center Associates

**From:** Information Technology – Epic Team

---

#### What you will know after reading this communication:

- When this will occur: Sunday, March 13 from 0159 until 0300 MT (0259 until 0400 CT)
- Clocks will be turned forward one hour, resulting in a non-existent 0200 hour.
- No downtime is associated with Spring Daylight Savings.

#### What is happening and why:

On Sunday, March 13, Daylight Savings Time begins and the clocks will move forward one hour, resulting in a missed 0200 hour. All Centura Health hospitals and clinics will be impacted by activities that are dependent upon a timing sequence (e.g., patient transfers, hourly medications, and flowsheet documentation).

#### Applications or Services Impacted:

Epic

#### When this will occur:

Sunday, March 13 from 0159 until 0300 MT (0259 until 0400 CT)

#### What do you need to do?

Please refer to the instructions in the **Quick Links** section below for specific direction regarding how to handle this missed hour within Epic. The “DST period” will be the gap between 0159 and 0300 MT (0259 and 0400 CT), representing the skipped or non-existent hour that should have occurred between those times.

Tip sheets are also available via the Learning Home Dashboards, providing further step-by-step instructions.

**Workaround:**

There are no workarounds. Please refer to the instructions in the *Quick Links* section below.

**Questions?**
