Ongoing TWIA Response to Weston Insolvency

Data as of September 20, 2022

Parameters

- **Data as of 9/20/2022**
- **Based on policies issued where the address was matched to Weston's policy data.**
 - We previously reported data based on policies issued where agents entered Weston as declining carrier, which significantly underrepresented the true number of Weston policies, as some agents entered a separate entity (e.g., the homeowner's insurer) as the declining carrier.
 - While the address matching approach is closer to the actual number of former Weston policyholders who have secured TWIA coverage, this still underrepresents the true number of Weston policies, as it is impossible to identify all variations between data formatting across Weston's policy list and TWIA's system. However, this approach still portrays a clearer picture of the incoming volume.

Summary as of 9/20/2022

- **11,165 total policies issued**
 - 231 commercial
 - 10,934 residential
- **Approximately \$4.2B in insured value and \$27.4M in written premium**
- **2,721 policies on Weston Receivership Pay Plan**

8/1 – 9/20 by County

County	Residential (# of Policies)	Commercial (# of Policies)	Total Insured Value (\$)	Total Written Premium (\$)
Aransas	427	17	185,440,600	1,491,246
