

Depopulation Guide - Agent Phase

This job aid demonstrates how to complete the Agent Phase of the Assumption Reinsurance Depopulation Program, which offers insureds coverage in the standard market. For more information on the programs, please visit our website at: <https://www.twia.org/depopulation/>.

Not all agencies will be sent offers through the program. If your agency has policies in the Assumption Reinsurance Depopulation Program, your Primary Contact will receive an email with instructions for logging in. Once you log into the website, <http://depop.twia.org/wp-login.php>, using the information provided, you will see the screen below.

1

Important Notice: Agents may only select companies with whom they have a contract.

Agency Name0021

Policy Number	Insured Name	Location Address	Policy Type	Agency	Carrier
000000478-01	First0478	478 Street	Residential	Agency Name0021	Carrier Name0004XXXXXXXXXXXXXXX

In these boxes you can filter or search using certain policy criteria.

In this section, relevant policy information can be found in each column.

2

Carrier

No Carrier Selected...
No Carrier Selected...
Carrier Name0004XXXXXXXXXXXXXXX

In the Carrier column, review the Carriers interested in each policy. After discussing the policy with the insured and carrier, select the new carrier in this dropdown menu.

Through October 31, 2016, your agency can approve offers on the TWIA depopulation website. Those offers will be sent to your policyholders on December 1, 2016. Any offers not approved, or where no action has been taken, by October 31, 2016 will not be sent to your policyholders.

3

SAVE EXPORT TO CSV

Then hit "Save" to save your changes or "Export to CSV" to convert data to a spreadsheet format

Important: Your agency must enter into a limited servicing agreement with, or be appointed by, the participating companies prior to approving any associated offers on the TWIA depopulation website.
